Penny's Place Value Puzzle

Penny created a great number puzzle... but she forgot to colour it in!
Use the place value clues below to colour in Penny's puzzle.

If there is a 4 in the hundreds place, colour the piece red.
If there is a 7 in the tens place, colour the piece yellow.
If there is a 3 in a ones place, colour the piece blue.

83	972	461	74	103
407	233	579	418	70
77	495	623	370	484
53	72	458	643	179
400	193	79	446	23
